Camporee Events Information

Castlevania

Castlevania is hatchet-throwing! Each scout throws 3 hatchets toward a target. Points are awarded based on accuracy.

Lethal Company

Troops will be given the direction and distance of various “scrap” and will use their orienteering skills to retrieve them.

Minecraft

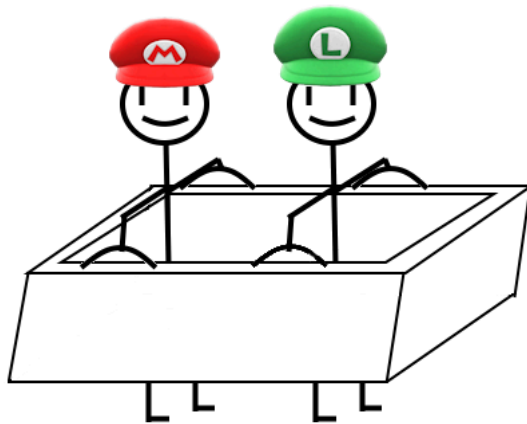

Troops will build a wilderness survival shelter with the option of spending the night. Shelters will be judged based on creativity and practicality.

Web Fishing

Scouts and adults can spend their free time fishing at the lake. The biggest fish wins.

Mario Kart

Each Troop must create a “Flintstones-style” kart prior to arriving at Camporee. Each kart must hold two scouts and will be carried by the scouts as they “drive” around a track (see example below). Points will be awarded based on the results of the race and the design of the kart.

Kart requirements:

- Flintstones-style karts.
- Must fit two people.
- Can be made out of any material, but it needs to be light enough to carry while running and durable enough that it doesn't fall apart.
- Cannot pose any safety risks.

World of Warships

Two scouts from each troop pair up in a canoe and try to throw "torpedoes" into each other's canoes. Three hits and you're out! Last team standing wins! **Please bring your own PFD (life jacket) if possible.** We can't guarantee that we'll have available PFDs. If you don't bring PFDs and we can't locate some that fit, you'll be unable to participate.

Dress to Impress

Scouts get to show off their video game-themed costumes during the closing campfire. This doesn't count towards Roxanne.

We hope everyone enjoys their time at the 2025 Spring Camporee,
and as Super Mario would say, "Let's-a go!"
